Team Formats Options

Scramble or Captain's Choice – This is the most popular format in team play competition. Each player will tee off. From there the team will choose the best shot and all four players will hit from that spot. After that the team will continue that rotation until the ball is holed out. Therefore, the team will have one score to mark on the scorecard. This format is good for mixed levels of golfers.

Best Ball – This format can be played with 2-4 players on a team. Each of the players will play their own ball from tee to green and holed out. The “Best” score will be marked on the scorecard.

Medal Play or Individual Stroke Play–Each player will play their golf ball for all 18 holes and turn in one score. This format is best for golfers of the same level.

Rewarding Participants
